Bite-size Training, Interactive Classroom Displays & Learning Walks for Heads, EYFS & KS1 Practitioners

In Pursuit of Excellence Roadshows

Don't miss these dynamic, highly interactive events set within the Early Excellence classroom environment.

Each term, to bring the essence of Early Excellence to you, we tour the country with our mobile interactive classroom and lead Briefings, Learning Walks and Workshops using the classroom environment, resource displays and exhibitions of children's work to inform and inspire quality practice.

Located in either a school hall or hotel venue, these highly engaging, one day events offer you and your team the opportunity to be fully immersed in best practice. Attend bite-size CPD, access guided tours of the classroom environment and join practical workshops about EYFS and KS1 practice and provision.
