Mastering Meaningful Maths in the Early Years

EYFS & KS1 Roadshow

Nationwide Venues / April & May 2020

Join us as we travel the country with a Roadshow Event packed with practical ideas and resources to show progression of teaching and learning in maths from YN, YR into Y1.

A dynamic event of leadership briefings, workshops and learning walks to inform your practice, offering an explosion of ideas for leaders, teachers and teaching assistants keen to reignite their passion for teaching maths and become more skilled at providing cognitive, collaborative and contextual challenges in their teaching.

There will be a focus on how the classroom environment supports maths teaching, how everyday routines and regular activities can enrich mathematical language, and a look at a wide range of practical resources that support teaching and enable children to apply their emerging knowledge to secure greater mastery.

Visit earlyexcellence.com/mathsroadshow for full details and to book or call 01422 311314
