Teaching skills step by step through EYFS & into KS1

Full Day Overview

With a clear and welcome focus back on curriculum it is crucial to review how what you teach in early years builds seamlessly and progressively into Y1 and beyond.

Focussing on Art in all its many facets, this development day offers a master class in how to plan and deliver, step by step, the skills and experiences children can be taught in the early years and KS1 – and considers how these build up and connect with later learning.

Led by Emma-Jo Bairstow, a dynamic and highly experienced art consultant specialising in primary education.

Suitable for Art Co-ordinators, EYFS Leads and YR / Y1 teachers with an interest in Art, this highly practical day will enrich and strengthen your Art Curriculum and provide you with greater knowledge and confidence to implement a progressive, skill-based curriculum starting in the early years.
