Developing Young Mathematicians Online CPD

Gain access to this multi-layered online learning programme and engage in a new way of working with your team.

Designed specifically to help EYFS & KS1 Leaders deliver high quality CPD, the programme gives your school access to three online learning modules, each with extensive content to help upskill your whole team, deepen knowledge and enhance teaching.

Learning Programme

Introductory Webinar for Leaders

An overview of the programme explaining how to use it with your team to maximise impact.

Module One: 3 x Training Webinars

Three sequential 90 minute training sessions for you and your team to share, either together or individually.

Module Two: 2 x Virtual Learning Walks

Two 30 minute learning walks highlighting maths in the environment and how to strengthen opportunities for mathematical thinking through provision in EYFS & KS1.

Module Three: 6 x Practical Tips Videos

Six videos that share practical activities and resources for direct teaching of key concepts in EYFS & KS1.

Cost per school
£250.00 (exc. VAT)

Audience

EYFS & KS1 Teams seeking to work together to improve their teaching of maths

Multi-School Bookings

If you wish to purchase this programme for multiple schools, please place an order for each school or email our team for bespoke options admin@earlyexcellence.com
